1 Topics

1. Discussed about the entity relationships.

2. Prepared a preliminary draw.io sketch

3. Discussed schedule for upcoming project deadlines

2 Done

- Completed preliminary draw.io sketch.

- Decided to start working on the rest of the project after lab + quiz on Monday

3 What is working well

- Everyone shared their ideas and the database sketch was refined in a joint manner.

4 What is not working well

- Some technical issues arose on Skype in the early part of the meeting. Rapidly solved One member (Joel) had a door dash delivery interrupt the meeting… note for future: One should not order food before a meeting.

5 Next Steps

- Create Shared Folder on Google Docs
- Create the skeleton of the recurring documents
- Suggestions of Name for the App, so we can vote in next meeting.
- Suggestions of Design for the Data Model (Tables).
- Templates for HTML/CSS.
- Features and why these add value to the project.
